## OBJECTIVE

---

I'm a fresh graduate passionate in software development, seeking an entry-level position to kick-start my career. I'm driven by a desire to learn and grow while creating efficient and user-friendly software solutions.

## EDUCATION

---

**Batangas State University – Alangilan Campus**

**2020 – 2024**

*Bachelor of Science in Computer Engineering*

*Golden Country Homes, Alangilan, Batangas City*

## INTERNSHIP EXPERIENCE

---

**IntegrityNet Solutions and Services**

**February 2024 – May 2024**

*Web Developer Intern*

*M. Pastor Ave., Pallocan West, Batangas City*

- Developed a secure dashboard web application with login functionality and interactive elements.
- Managed CRUD operations using uAdmin, a Go web framework open-sourced by IntegrityNet, while integrating frontend (HTML, CSS, JavaScript) and backend (Go) technologies.

## PROJECTS

---

**Dynamic Payroll System** (Ongoing Project)

- Developing a customizable payroll system that allows administrators to easily configure employee roles and responsibilities to suit any company's needs.
- Utilized uAdmin to handle employee and company data.

**Website Portfolio**

🔗 <https://ivanmaranan.pages.dev>

- Developed a responsive website portfolio designed using Figma and translated into HTML, CSS, and JavaScript, showcasing professional skills and projects.
- Created a detailed documentation about the technologies used, design thought processes, and features at <https://ivanmaranan-portfolio.readthedocs.io/en/latest/>

**Restaurant Web Application**

- Designed and developed a restaurant web application created for a fictional company.
- Utilized PHP and XAMPP to handle SQL database operations for managing menu items, orders, discounts, and user registrations.
- Wrote a comprehensive documentation available at <https://restaurant-php.readthedocs.io/en/latest/>

## SKILLS

---

**Languages:** Golang, PHP, JavaScript, HTML, and CSS

**Technologies:** Figma, Git, XAMPP
